

Seed Paper Calendar

A CALENDAR THAT BLOOMS! KEEP TRACK OF YOUR YEAR
WHILE GROWING WILDFLOWERS WITH EACH MONTH.

SUMMARY	Why have a calendar that ends up in the bin when you can have one that grows? Our Seed Paper Calendar offers a year-long reminder of your brand that transforms into wildflowers once the months are done. Made from plantable wildflower seed paper, this eco-friendly calendar can be customised with full-colour printing on every page, making it the perfect promotional gift that lasts beyond the year.
PRODUCT DETAILS	Each month is printed on 220gsm wildflower seed paper, so once a page has served its purpose, your clients can plant it in soil and watch it grow into wildflowers. The base is made from sturdy Kraft board, giving it a natural and durable foundation that complements any desk or workspace. The calendar is fully customisable, with each page offering full-colour printing to showcase your brand message. It's a fantastic way to promote your business all year round, while leaving behind a green legacy once the year is done. Ideal for eco-conscious campaigns, corporate gifting, and events that need something a bit more special than your standard calendar. Key Features Size: Calendar pages are 100mm x 150mm Material: 220gsm wildflower seed paper, Kraft board base Customisation: Full-colour printing on all calendar pages Plantable: Each month's page grows wildflowers when planted Usage Suggestions: Ideal for desks, counters, and eco-friendly corporate gifting
