

Seed Ball Tube

A KRAFT TUBE FILLED WITH APPROX. 70G OF NATIVE WILDFLOWER SEED BALLS, WITH A LARGE BRANDING AREA FOR STANDOUT VISIBILITY.

SUMMARY	More than just a giveaway, the Seed Ball Tube is a branded gift that leaves a lasting impression. Inside, you'll find approx. 70g of seed balls, each packed with native wildflower seeds to support pollinators and brighten up outdoor spaces. The fully recyclable kraft tube keeps everything contained while providing a large 60x110mm branding area, ensuring your message stays visible long after the first seeds have sprouted. A thoughtful, sustainable choice for promotional campaigns and corporate gifting.
PRODUCT DETAILS	This is a promotional product with real purpose. The Seed Ball Tube is designed to help brands stand out while making a positive impact. Each tube contains approx. 70g of seed balls, handmade in Britain and packed with native wildflower seeds, offering recipients an easy way to bring nature to their doorstep. The sturdy kraft tube keeps everything secure and is fully recyclable, making it a low-waste, plastic-free alternative to traditional promo items. The generous 60x110mm branding area provides space for full-colour customisation, ensuring strong brand visibility on a product that's designed to be kept and used. Each tube comes with simple planting instructions, making it easy for recipients to grow wildflowers that support local biodiversity. Whether used for corporate gifting, sustainability campaigns, or eco-conscious giveaways, the Seed Ball Tube is a premium promotional product with real staying power.
